Surgical Mission abroad

1991/1992 From June 1991 to September 1991 and from 2nd. January 1992 to April 1992, Dr Schiavon was Director of the Emergency Plastic Surgery and Therapy for Burns Unit at the Neves Bendinha Hospital, Luanda, Angola.

This Center was founded by the C.I.C.S. (International Center for Development Cooperation) commissioned by the E.U. to assist the project: "Care for the burns victims of the war in Angola province of Luanda".

He has participated in all three phases of the project:

1. the first phase, planning, construction and finding equipment;
2. the second phase, training Angolan doctors in Padua;
3. the third phase, management and putting the structure into function for a minimum period of 12-18 months, at "Neves Bendinha" Hospital in Luanda.

The Center was equipped with 8 beds for intensive therapy and 45 beds for therapy on sub-acute phases of the injuries. It was also equipped with a modern operating room in which numerous operations were performed on patients with serious disabling results from burns, besides other reconstructive plastic surgery operations.

During the stay in Luanda he acted as Consultant at the principal hospitals of the city dealing with remedial, reconstructive and rehabilitation surgery.

2018, August Humanitarian mission at the North Kinangop Catholic Hospital, Kinangop, Kenya, performing surgery and ward and outpatient activity
